STANDARD WARRANTY TERMS & CONDITIONS

Every new pump manufactured by PUMPSQUARE SYSTEMS LLP is guaranteed to be free of defects in workmanship and material when leaving the factory for a period of 18 months from the date of dispatch and 12 months from date of Commissioning, whichever is earlier, or for a period of maximum 18 months from the purchasing date to the first product use. In no event shall this period exceed 18 months from date of original invoice.

PUMPSQUARE SYSTEMS LLP will repair or replace at its judgment part or the entire product not conforming to this warranty.

PUMPSQUARE SYSTEMS LLP's responsibility under this warranty is limited to the repair or replacement of defective equipment returned to us on freight paid door delivery basis, providing that our analysis discloses that such part or parts were defective at the time of sale. However this does not cover for any transit damages.

The warranty is not recognized if :

- The directions on how to handle, install or operate the pump are disregarded.
- The pump has been disassembled or modified by anyone other than a PUMPSQUARESYSTEMS LLP (or authorized by PUMPSQUARE SYSTEMS LLP) engineer or repaired with non-original components.
- The name plate is missing.
- The pump is operated dry or in cavitation.
- Solid extraneous particles are found in the pump.
- Evident signs of over pressure is observed.
- The pump has been utilized for an application for which it was not intended to be used where the operating conditions and/or the pumped liquid were incompatible with the pump itself and such application has not been specifically approved by PUMPSQUARE SYSTEMS LLP.
- In case of pumps equipped with relief valve, the operating pressure results to be less than 1 bar below the relief valve setting.
- Consumable parts like Elastomers/polymer parts/Gaskets/Washers etc.
- Parts bought out from outside like Motor, Gear Box, Mechanical Seals, Ball Bearing, etc-will be guaranteed as per original manufacturer terms & conditions.
- Any damage during transit. We recommend you get your consignment insured for transit damage from a reputed insurance company. Our responsibility ends as soon as the goods are handed over to the transporter.

The adjustment or replacement of defective parts made under this warranty will not extend the original warranty period of the pump.
